## They Grow Hair Certain Ingredients if Properly Combined, Stimulate Human Hair Growth

Resorcin is one of the most effective germ destroyers ever discovered. Beta-naphthol is a most powerful, yet absolutely safe germicide and antiseptic, which prevents development of germ matter, and creates a clean, healthy condition.

Pilecarpine, although not a coloring matter or dye, is an ingredient well established for its power to restore natural color to human hair. Borax, because of its well-defined softening and cleansing properties, is most useful in the treatment of scalp and hair diseases. Glycerine acts as a stimulant to the hair bulbs, and has a soothing, healing and nourishing influence. Alcohol is indispensable in medicine because of its antiseptic, stimulating and preservative qualities.

Resall "93" Hair Tonic is chiefly composed of these ingredients, which are compounded in a peculiar form, and I believe it is the most effective remedy known to medical science for scalp and hair troubles generally. I personally guarantee it to eradicate dandruff and scalp irritations and to grow hair, even though the scalp is spots is bare of hair, providing of course there is life and vitality remaining in the hair roots.

I want every one troubled with scalp disease, dandruff or loss of hair to try Resall "93" Hair Tonic. If it does not remove dandruff and promote a growth of hair to the satisfaction of the user, I will without question or quibble return every cent paid me for it. This guarantee is printed on every package. It has effected most satisfactory results in 93 out of 100 cases where put to a practical test.

Resall "93" Hair Tonic is entirely unlike and in every particular different from anything else I know of for the purpose for which it is recommended. I urge you to try it at my entire risk. Certainly I could offer no better guarantee. Two sizes, 50 cents and \$1. Sold in Mayville only at my store—The Resall Store. Thos. J. Chenoweth.

## FORMER DOVER NEGRO IN BAD

Hicks White Under Arrest at Dayton Charged With Serious Crime

May Be Same Fiend Who Has Committed So Many Diabolical Murders in Dayton

### Dover News.

Smith White is under arrest in Dayton, Ohio, charged with enticing Miss Bessie Stickwith, a white girl, aged 25, into the Jewish Synagogue and assaulting her. He has been fully identified by Miss Stickwith.

Smith White formerly lived in Dover, and was known here as Hicks White, having for some reason changed his name to Smith White after moving to Dayton.

While he was not generally known here as particularly vicious, in view of subsequent developments, some of his insinuating remarks to white women, harmless in themselves, are given significant meaning. White was arrested at Norwood at one time for dragging a white woman from her horse, but was discharged because the woman failed to identify him as her assailant.

A dispatch from Dayton to The Enquirer of Sunday says:

"Attorney Mattern, representing Smith White, the Negro identified by Miss Bessie Stickwith of Springfield, Ohio, as the man who assaulted her after enticing her into the Jewish Synagogue, on Jefferson street, Wednesday night, today conferred with his client and enjoined him to silence. The police, as a consequence, have been unable to obtain a satisfactory statement from the suspect. The attorney will on Monday endeavor to have White's bail reduced from \$10,000, in which sum he was bound over to the Grand Jury by Police Judge Long. In view of threats on the Negro's life made by Frank Stickwith, father of the girl, it is not believed that White will take advantage of an opportunity offered him to leave the jail."

"The police claim to have the names of a number of white girls who allege that White attempted by subterfuge to lure them to places where he could have taken advantage of them. "Detectives are investigating a number of clues in connection with the murder of Elizabeth Fulhart, which is supposed to have taken place in the vicinity of where the body was found, in the well on the premises next South of the Synagogue where Miss Stickwith was assaulted."

"White stoutly claims that he knows nothing of either case."

The authorities of Dayton sent a photograph of Smith White to Marshal T. C. Creekbaum and it was readily identified as that of Hicks White, who formerly lived here.

Evidence continues to accumulate showing that White made frequent attempts to lure white girls to secluded places under pretenses of taking them to a place where employment awaited them, so less than seven women having already told the police of their having been approached by him.

## PILES BRING DESPAIR

TAKE COURAGE! INTERNAL TREATMENT WILL CURE.

Piles make life unhappy and ruin the best disposition. Most sufferers have been bitterly disappointed by many failures to find a cure. A medicine in tablet form, taken internally, that avoids the unpleasant features of ointments, suppositories and operations, and cures thoroughly by removing the inside cause, is surely worth trying, especially as J. James Wood & Son, Maysville, Ky., guarantee it. Dr. Leonhardt's Hem-Roid costs \$1 for a large box—24 days' treatment. Dr. Leonhardt Co., Station B, Buffalo, N. Y. Write for booklet.

## WOMEN OF MIDDLE AGE

Need Lydia E. Pinkham's Vegetable Compound

Brookfield, Mo.—"Two years ago I was unable to do any kind of work and only weighed 115 pounds. My trouble dates back to the time that women may expect nature to bring on them the Change of Life. I got a bottle of Lydia E. Pinkham's Vegetable Compound and it made me feel much better, and I have continued its use. I am very grateful to you for the good health I am now enjoying."—Mrs. SARAH LOUISA GONT, 414 S. Livingston Street, Brookfield, Mo.

The Change of Life is the most critical period of a woman's existence, and neglect of health at this time invites disease and pain.

Women everywhere should remember that there is no other remedy known to medicine that will so successfully carry women through this trying period as Lydia E. Pinkham's Vegetable Compound, made from native roots and herbs.

For 30 years it has been curing women from the worst forms of female ills—inflammation, ulceration, displacements, fibroid tumors, irregularities, periodic pains, backache, and nervous prostration. If you would like special advice about your case write a confidential letter to Mrs. Pinkham, at Lynn, Mass. Her advice is free, and always helpful.

### Beware of Quackery For Catarrh That Contains Mercury.

Mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally, and made in Toledo, O., by F. J. Cheney & Co. Testimonials free. Sold by Druggists. Price 75c per bottle. **HE WANTS THE WORLD TO KNOW**  
**Good Reports Are Coming in From Every Direction**

Many people of Maysville and vicinity are greatly interested in the new remedy, Root Juice, that is now being demonstrated in J. Jas. Wood & Son's Drugstore. It is certainly a great medicine if one can judge by the reports that are coming from every direction. A number of local people are claiming that the first dose of the juice made them feel better. During the past few months the remedy has made scores of remarkable cures in many sections of the State and created considerable excitement. Numerous testimonials similar to the following are being received almost daily: "I write this for publication with the hope that it will influence those who suffer as I did to try the great medicine that cured me. The wonderful Root Juice medicine has done so much good for me that I feel it my duty to publish it to the world. I spent a life of misery for years, but thanks to Root Juice I am now free from every ache and pain. I, like many others, was very skeptical when the papers first told of the many hundreds of cures the remedy was making. When the scientist was invited to come here I thought he would be unable to prove all that was claimed for the medicine. However, I was soon convinced, as it did wonders for several of my neighbors. At the time I felt that every organ of my body was nearly worn out. My liver was torpid, my kidneys were weak and my stomach was in a horrible condition; at times it felt like it had rocks in it, a great deal of gas formed and I bloated fearfully. I had dizzy weak spells frequently and was badly constipated. My appetite was very poor and even in hot weather my hands and feet were often cold. I was using some kind of medicine most of the time without much benefit, but after using Root Juice a few days I began to improve. I have used hardly six bottles, but am feeling better than I have for twenty years and firmly believe that I am permanently cured."—O. H. Cummings, R. R. No. 4, Lafayette, Ind. The people at J. Jas. Wood & Son's Drugstore are very pleasant in giving information in relation to the remedy. It is sold for \$1 a bottle or three bottles for \$2.50.

"The cure which Doan's Kidney Pills effected in my case some years ago has been permanent, and the testimonial I gave in their favor still holds good. I was bothered a great deal by too frequent passages of the kidney secretion, this being especially annoying at night, when I was obliged to arise several times. Having my attention called to Doan's Kidney Pills, I procured a box at J. J. Wood & Son's drugstore, and had only used them a short time when I noticed a marked improvement. They soon cured me, and I have learned of several instances where they have been used with good results."

## Free Sample Aids Old Men

The sudden change from years of activity of both body and mind to the quiet of later years causes the human system to undergo many changes, chief of which is in the digestive organs.

It becomes harder and harder to get the bowels to move promptly and regularly and in consequence many elderly men suffer not only from the basic trouble, constipation, but from indigestion, headache, belching, sour stomach, drowsiness after eating and similar annoyances. It is first of all necessary to keep the bowels open and then to tone the digestive muscles so as to get them to again do their work naturally. A violent cathartic or purgative is not only unnecessary but harmful, and something mild will do the work just as well.

After you have got through experimenting with salts and pills and waters of various kinds, and have become convinced that they do only temporary good at best, then try Dr. Caldwell's Syrup Pepsin, a mild, gentle, pleasant-tasting laxative tonic that is especially adapted to the requirements of old people, women and children, and yet is effective enough for anybody. Your druggist, who has handled it successfully for a quarter of a century, will sell you a bottle for fifty cents or one dollar, but if you want to make a test of it before spending any money send your name and address to Dr. Caldwell and he will gladly send you a sample bottle free of charge.

This remedy is rapidly displacing all other forms of medication for the cure of stomach, liver and bowel trouble, and families like Mr. O. F. Wisner's of Sycamore, Ill., and Mrs. Carrie Culter's of 325 N. Notre Dame street, South Bend, Ind., are now never without it in the house. They have tested it and know its grand value to every member of the family.

Dr. Caldwell personally will be pleased to give you any medical advice you may desire for yourself or family pertaining to the stomach, liver or bowels absolutely free of charge. Explain your case in a letter and he will reply to you in detail. For the free sample simply send your name and address on a postal card or otherwise. For either request the doctor's address is Dr. W. E. Caldwell, 1150 Caldwell building, Monticello, Ill.

## HEALTH OF ANIMALS BEST BECAUSE OF GOOD DIGESTION

An interesting interview was recently obtained with L. T. Cooper, the young man whose theory and medicine have created such a sensation during the past year.

Mr. Cooper, in speaking of the remarkable success of his medicine, had this to say on the subject: "My medicine regulates the stomach. That is why it is successful. The human stomach today has become degenerate, and is the cause for most ill health. In the horse, the dog, and the wild animals generally, you see no nerve exhaustion, no chronic debility. They are not shut up day after day, with practically no exercise, and they are not able to stuff themselves with food when their bodies have not had enough work to justify it. The human race has been doing this for years, and look at the result—half the people are complaining of poor health, not real illness—just a half-sick, tired, droopy feeling. They don't really know what is the matter with them."

"I know that all the trouble is caused by weak, overworked stomachs. I have proved this with my medicine in many thousands of people in most of the leading cities of this country. I expect to do the same thing in Europe next year. This is the real reason for the demand for my preparation."

Among those who have recently been converted to Cooper's theory is Mr. Monroe Brown of 8 Hancock street, Winchester, Mass. Mr. Brown has this to say of his experience with

the new medicine: "For over seven years I suffered with catarrh of the stomach, and for the past year I was lame with rheumatism. I attributed this to my stomach trouble, as my circulation was very poor. What food I ate would turn to gas almost at once. I would have a sensation of bloating, and would have to belch frequently to relieve this. My heart also became affected, and I would suddenly become dizzy and have palpitations. I was tired and dull and despondent at all times. I lost a great deal of flesh, and was nervous and depressed. This went on for over seven years, although I spent hundreds of dollars trying to get relief."

"When Cooper was in Boston I heard a good deal about his ideas on stomach trouble. Next, one or two friends told me that his medicines had greatly helped them. I purchased some of the New Discovery medicine. Today I am perfectly well; I sleep like a baby, can eat anything and have no rheumatism or heart trouble. I no longer have any gas on my stomach, and feel as I did years ago. No one could be more astonished by these facts than myself. They are remarkable, but true. This is, indeed, a wonderful medicine."

The Cooper preparations have been more widely sold and discussed since being introduced than anything of the kind ever before sold by druggists. I sell them and explain their nature.—Thos J. Chenoweth.
